NATIONAL AWARD LEVELS

Award of Excellence

The first and highest award in each category is the ‘Award of Excellence’

The award is given to the work judged to be the most significant for the advancement of Landscape Architecture in each category.

There is only one winner of the Award in each category in any year.

Landscape Architecture Award

The second tier is the ‘Landscape Architecture Award’

This is a work of excellence demonstrating consummate skill that contributes to the advancement of landscape architecture.

Projects given an Award are the best projects in each category that have not won the Excellence Award. More than one Award may be given in a category.
