

THE AUSTRALIAN INSTITUTE OF LANDSCAPE ARCHITECTS STUDENT MEMBERSHIP

Benefits of being a student Member of AILA

Your AILA membership provides an opportunity for you to make a meaningful contribution to the growth and effectiveness of the Institute and the profession of landscape architecture. You share a common commitment that is making an increasingly significant contribution to the creation of better quality urban environments and more sustainable landscapes.

Your membership fees help to provide services and support to members.

Membership of AILA provides a package of benefits that include:

1. Being a member of an organisation that **maintains professional standards of members**, which increases client confidence in the services to be provided and their willingness to accept suitable fees and conditions.
2. **Networking opportunities** provided by AILA events allows you to pursue continued professional development and to identify professional opportunities.
3. Receipt of **Landscape Australia**, which is the official journal of AILA, four times a year contributes to your knowledge of the profession and provides useful technical and products information. (Level 2 only)
4. Receipt of the **Landmark**, which is published by AILA National Office, provides you with current information about a wide range of landscape related issues and an opportunity to exchange ideas. (Level 2 only)
5. Attendance at **AILA National Conferences** provides opportunities to gain further knowledge and insights as well as meeting potential clients.
6. Access to the **AILA Web Sites** provides information about a broad range of issues and events relevant to landscape architects.
7. AILA membership of the **Australian Council of Building Design Professionals (BDP)** allows it to advocate more effectively on behalf of AILA Members on a range of issues.
8. Receipt of useful information gathered by **AILA members surveys**.
9. Availability of **Fees and Conditions Guidelines** for engagement of AILA Members.
10. Opportunities to **network with other professions** through BDP including architects, engineers, planners and quantity surveyors.
11. A **listing within the AILA membership** listing; under "Non-Corporate membership".
12. **A certificate acknowledging your support through being a student.**
13. Receiving current information through **State Group Newsletters** (Level 2 only) and by **National Office emailed Communiqués and State Emailed news**.
14. Access to professional **seminars and workshops**.
15. Opportunities to be involved in **advocacy** in relation to environmental, social, and cultural issues at local, state and federal government levels.
