

Landscape Architecture - breathing new life into our cities

University of South Australia City East
and West Masterplan by HASSELL.

Urban regeneration and green infrastructure were the winning themes at this year's Landscape Architecture Awards, which showcases the profession at the State and National level.

Awards Chair and South Australian Government Architect Benjamin Hewett said the high quality and innovative nature of this year's entries was impressive and displayed "a rich and varied landscape architecture culture".

State Landscape Architecture Awards – SA
