

METAZOAN

workshop + exhibition + lecture

Postscript 2009 is proud to present the '**METAZOAN**' Masterclass run by guest lecturers **Anuradha Mathur + Dilip da Cunha**

Metazoan is an exploration of the adaptability and mutability of contemporary landscape. With increasing environmental, social, economic and ecological trends changing at an unprecedented rate, how does the existing landscape adapt to further change, and how can landscape architecture assist this evolution in response to change?

A design workshop engaging with the unique technique of Anuradha Mathur and Dilip da Cunha. The Masterclass will be held over 2 consecutive days at RMIT University.

+ sunday 10th may 9:30 - 6:00pm
+ monday 11th may 9:30 - 6:00pm (closing lecture @ 6:30pm)

participation fee per person: \$95

(light refreshments, nibbles and lunch included)

Postage Paid
Australia

Postscript is the RMIT Landscape Architecture Alumni network. The intention of setting up this resource is to provide a central contact point for past students, a formal connection to RMIT and a forum for ongoing design discourse.
