Boomscape: infrastructure, landscape and the future

Professor Richard Weller, Professor of Landscape Architecture, University of Western Australia, will deliver the 2009 CY O'Connor Lecture at two venues:

PERTH:

Tuesday 10 March

5.45pm for 6.00pm
Perth Town Hall

Cnr Hay & Barrack Streets Perth
(car park beneath Council House)

KALGOORLIE:

Friday 13 March

6.45 for 7.00pm
Auditorium
WA School of Mines
WMC Conference Centre
44 McDonald Street
Kalgoorlie

Internationally renowned Professor Weller will discuss his recent research into the urban form of Perth in 2050 – acclaimed by one respected commentator as the most important planning work done in Perth since the Stephenson Hepburn plan of 1956. He will reflect on how such projects relate to the heritage of the city and their impact on Perth and the wider Western Australian community.

All welcome. Members/Concession \$15,
Non members \$20. Proceeds to the National Trust's Golden Pipeline. Donations to the National Trust are tax deductible.

Bookings essential. Contact the National Trust on 9321 6088 or via trust@ntwa.com.au

This event is sponsored by Water Corporation, Southern Cross Water & Infrastructure Corporation Pty Ltd, Western Australian School of Mines, Curtin University of Technology and City of Perth and forms part of the National Trust's Golden Jubilee Calender of Events.
